## YP Impact

### Creating Networks. Connecting Communities.

Over the past year YP Impact has been making a difference in the lives of young professionals and the community by hosting networking and volunteer events throughout the Milwaukee-area.

"Our events offer individuals an opportunity to build relationships within a welcoming, relaxed environment," said Jon Armstrong, chair of YP Impact. "As a board we have been striving to engage young professionals to make a positive impact in their community and we believe our social and volunteer events provide the best of both worlds."

The new structure has allowed the organization to partner with several local establishments and organizations including, the Hunger Task Force, Honey Creek Parkway, Habemaros Mexican Kitchen, The Bomb Shelter and Crawdaddy's.

On July 17th YP Impact members and non-members are encouraged to participate in the American Cancer Society's Relay for Life at Nathan Hale High School in West Allis. The event begins with the opening ceremony at 6:00 p.m. followed by the luminary service at 10:00 p.m.

The vision of YP Impact is to take action by encouraging an innovative and creative approach in connecting young professionals for the purpose of business and community development; providing volunteer opportunities for young professionals to assist local charities and foundations; for supporting the mission and purpose of the West Allis/West Milwaukee Chamber of Commerce and resulting in recognition to the engaged business community and measurable impact among young professionals, local businesses and the community.
